

FOR IMMEDIATE RELEASE

NOTICE TO BIDDERS OF ADDENDA

RESPONSES TO REQUEST FOR INFORMATION/CLARIFICATION

Bidders are directed to respond to the bid documents and consider the following responses to request for information/clarification.

Sealed bids will be received, opened and read by the Parking Authority of the City of Camden (PACC) on Thursday, December 6, 2018 at 4:00 p.m. at the Parking Authority of the City of Camden Office in the Theodore "Teddy" Hinson Waterfront Garage, 10 Delaware Avenue, Camden, NJ 08103.

Bidders must complete the attached **ACKNOWLEDGMENT OF RECEIPT OF ADDENDA**. Failure to include this form will be grounds to reject the bid.

QUESTION #1:

"I am confirming that I should exclude lot 1 for BBT Pavilion as the Sixers are now responsible for the plowing and deicing."

RESPONSE TO QUESTION #1: Lot 1 should be included. Snow removal and de-icing is needed at Lot 1 when certain events are scheduled.

QUESTION #2:

"We use Weather Works for the reported depths. We find they are more accurate than the US Weather Service. Will that be OK as long as I not that in the bid?"

RESPONSE TO QUESTION #2: The use of Weather Works is acceptable. The PACC reserves the right to verify the actual depth of snow in the field for comparison against the depth reported by the selected weather service.

QUESTION #3:

"Page 20 item 12. Snow Removal. Is this an additional charge based on hourly rates up request? Does this happen on large storms only or any storm? Does the PA provide the dumping areas?"

RESPONSE TO QUESTION #3: Hauling and dumping of snow and ice will be billed at unit cost. Refer to the revised bid form. There is a unit cost for hauling and dumping in Lot 1 and another unit cost for hauling and dumping at a Contractor provided dump.

QUESTION #4:

"Page 22 Item 9. Snow Dumps. My question 3. refers to the PA having dumping areas. Is contractor also to have dump site or can we rely on the PA dump sites?"

RESPONSE TO QUESTION #4: Refer to the response to question #3.

QUESTION #5:

"Page 23. 12. Loading and Hauling. Is this based on Time and Material Rates above and beyond the per inch plowing rates?"

RESPONSE TO QUESTION #5: Refer to the response to question #3.

QUESTION #6:

"Your per inch rates stop at 12". How do you handle storms over 12". We usually provide a \$\$ per inch of total snow for storms over the 12".

RESPONSE TO QUESTION #6: The bid form has been updated to address this.
